Dear Dovile,

This is the STC Panel's Self-governance Statement to the Authority for STC Modification Proposal CM0109. NESO has prepared this Self-Governance Statement on behalf of the STC Panel and submits it to you in accordance with the STC.

- II. Competition in the generation, distribution, or supply of electricity or any commercial activities connected with the generation, distribution or supply of electricity,
- III. The operation of the National Electricity Transmission System
- IV. Matters relating to sustainable development, safety or security of supply, or the management of market or network emergencies
- V. The STC's governance procedures or the STC's modification procedures

The proposed timetable for the progression of CM0109 is as follows:
