

## Grid Code Administrator Consultation Response Proforma

### GC0143: 'Last resort disconnection of Embedded Generation'

Industry parties are invited to respond to this Code Administrator Consultation expressing their views and supplying the rationale for those views, particularly in respect of any specific questions detailed below.

Please send your responses by **17:00** on **5 May 2020** to [grid.code@nationalgrideso.com](mailto:grid.code@nationalgrideso.com). Please note that any responses received after the deadline or sent to a different email address may not be included within the Final Modification Report to the Authority.

Any queries on the content of the consultation should be addressed to Christine Brown at [christine.brown1@nationalgrideso.com](mailto:christine.brown1@nationalgrideso.com)

These responses will be included within the Draft Grid Code Modification Report to the Grid Code Panel and within the Final Grid Code Modification Report to the Authority.

<b>Respondent:</b>	<i>Please insert your name and contact details (phone number or email address)</i>  <i>John Smart 01189534664</i>
<b>Company Name:</b>	<i>Please insert Company Name</i>  <i>SSEN (Scottish Hydro Electric Power Distribution plc, Southern Electric Power Distribution plc)</i>
<b>Please express your views regarding the Code Administrator Consultation, including rationale.</b> <b>(Please include any issues, suggestions or queries)</b>	<i>For reference, the Applicable Grid Code objectives are:</i>  (a) To permit the development, maintenance and operation of an efficient, coordinated and economical system for the transmission of electricity  (b) Facilitating effective competition in the generation and supply of electricity (and without limiting the foregoing, to facilitate the national electricity transmission system being made available to persons authorised to supply or generate electricity on terms which neither prevent nor restrict competition in the supply or generation of electricity);  (c) Subject to sub-paragraphs (i) and (ii), to promote the security and efficiency of the electricity generation, transmission and distribution systems in the national electricity transmission system operator area taken as a whole;

	<p>(d) To efficiently discharge the obligations imposed upon the licensee by this license and to comply with the Electricity Regulation and any relevant legally binding decisions of the European Commission and/or the Agency; and</p> <p>(e) To promote efficiency in the implementation and administration of the Grid Code arrangements.</p>

### Code Administrator Consultation questions

Q	Question	Response
1	<b>Do you believe GC0143 better facilitates the Grid Code Objectives? Please include your reasoning.</b>	Yes, on the basis that NGESO have exhausted all other avenues identified in the balancing codes and only use GC0143 as instruction of last resort to preserve the integrity of the network.
2	<b>Do you support the proposed implementation approach?</b>	Yes, we support the proposed implementation approach which is time bound until 25 October 2020 and indicates the intention that a more considered solution will be developed in line with the Grid Code change procedures.
3	<b>Do you have any other comments in relation to GC0143?</b>	No
