

**Grid Code Alternative Form**

# GC0151 Alternative Request WAGCM3:

## Grid Code Compliance with Fault Ride Through Requirements

**Overview:**

This proposed alternative solution combines the legal text changes of the Original and WAGCM2 (Drax stand alone alternative).

**Proposer:** Alastair Frew, Drax

**Guidance for Alternative Proposers**

**Who can raise an Alternative?** Any CUSC or BSC Party, or Citizens Advice can raise an Alternative Request in response to the Workgroup Consultation.

**How do Alternative Requests become formal Workgroup Alternative Modifications?**

The Workgroup will carry out a Vote on Alternatives Requests. If the majority of the Workgroup members or the Workgroup Chair believe the Alternative Request will better facilitate the Applicable Objectives than the current version of the Code, the Workgroup will develop it as a Workgroup Alternative Modification.

**Who develops the legal text for Alternatives?** ESO will develop the Legal text for all Workgroup Alternative Modifications and will liaise with the Alternative Proposer to do so.

## Contents

- What is the proposed alternative solution?
  - Difference between this and the Original Proposal
- What is the impact of this change?
- When will the change take place?
- Acronyms, key terms and reference material

**What is the proposed alternative solution?**

As per Original and WAGCM2

**What is the difference between this and the Original Proposal?**

This As per Original and WAGCM2

**What is the impact of this change?**

Proposer's Assessment against Grid Code Objectives	
Relevant Objective	Identified impact
(a) To permit the development, maintenance and operation of an efficient, coordinated and economical system for the transmission of electricity	<b>Positive</b>
(b) Facilitating effective competition in the generation and supply of electricity (and without limiting the foregoing, to facilitate the national electricity transmission system being made available to persons authorised to supply or generate electricity on terms which neither prevent nor restrict competition in the supply or generation of electricity);	<b>Positive:</b>
(c) Subject to sub-paragraphs (i) and (ii), to promote the security and efficiency of the electricity generation, transmission and distribution systems in the national electricity transmission system operator area taken as a whole;	<b>Positive:</b>
(d) To efficiently discharge the obligations imposed upon the licensee by this license and to comply with the Electricity Regulation and any relevant legally binding decisions of the European Commission and/or the Agency; and	<b>None:</b>
(e) To promote efficiency in the implementation and administration of the Grid Code arrangements	<b>Positive:</b>

**When will this change take place?****Implementation date:**

As per the Original Proposal

**Implementation approach:**

As per the Original Proposal.
