Incorporation of STCPs into Schedule 2 of the STC

A STC Committee Paper

Overview

This paper recommends that the following STCPs be formally incorporated within Schedule 2 of the STC, effective Friday 18th March 2005.

Number	Title	Issue
STCP 02-1	Alarm and Event Management	Issue 001
STCP 04-1	Real Time Data Change Management	Issue 001
STCP 04-2	Real Time Datalink Management	Issue 001
STCP 04-3	Real Time Data Provision	Issue 001
STCP 04-4	Provision of Asset Operational Information	Issue 001
STCP 06-1	Black Start	Issue 001
STCP 06-2	Power Island Management	Issue 001
STCP 06-3	System Incident Management	Issue 001
STCP 06-4	Contingency Arrangements	Issue 001
STCP 09-1	Safety Co-ordination between Parties	Issue 001
STCP 09-2	Public and Site Safety	Issue 001
STCP 10-1	Asset Nomenclature	Issue 001
STCP 14-2	Data Requirements for Charging Consultations	Issue 001
STCP 14-3	Customer Charging Enquiries	Issue 001

All of the above STCPs may be found on the BETTA Extranet:
https://ngtextranet.com/BETTA/default.asp

The predicted timetable for the incorporation of the remaining STCPs due to be signed off before Go-Live can be found in Appendix A to this paper.

Outstanding Change Requests

The relevant User Group has classified all of the above STCPs as being appropriate to be incorporated within Schedule 2; that is to say it has been categorised as either Category 1 or 2 STCPs[1]. A number of these STCPs have outstanding Change Requests that are still to be incorporated. However these Change Requests are not considered by the User Groups to be crucial for Go-Live and as such they will be incorporated into the STCP shortly after Go-Live through the enduring STCP Change Management process.

Recommendation

The STC Committee is invited to

- APPROVE that the STC Committee Secretary incorporate the above STCPs within Schedule 2 of the STC
- NOTE the publication of each of the above STCPs[2] on the Code Website

---

[1] For an explanation of categorisation see the note circulated to the STC Committee on Monday 7th March.
[2] With the exception of Appendices C and D of STCP 04-2, which is to be withheld from publication on the Code Website following the February 2005 decision of the STC Committee.

Appendix A: Remaining STCPs - Predicted Timetable for Schedule 2 Incorporation

Of the STCPs that are planned to be incorporated within Schedule 2 of the STC, this note proposes that 14 be incorporated at the STC Committee meeting on 16th March. This leaves approximately 18 STCPs to be incorporated within Schedule 2 at a date later in March. A further 7 STCPs will be developed and incorporated within Schedule 2 after Go-Live.

The following STCPs are currently anticipated to be ready for incorporation within Schedule 2 by Thursday 24th March
