BM Cost (Indicative)

AS Cost (Estimate)

SBP/SSP Vs NIV 28-Nov-2022

Commentary

The market alternated between long and short in the morning, and was then mostly long for the rest of the day. Trades were required for Margin in the early morning and overnight.

BM Actions managed thermal export constraints in Scotland in the morning. Trades alleviated thermal import constraints in the South East of England during the morning. No constraints were active from late morning. All Voltage requirements were met by the market.
