26 August 2020

Dear Sirs,

**Second Balancing Services Charges Task Force**

We enclose our response to the Second Balancing Services Charges Task Force consultation.

CI Biomass Management Limited is a subsidiary of Copenhagen Infrastructure Partners (CIP), a fund management company founded in 2012 which currently has six funds and more than EUR 8 billion under management.

CI Biomass provides management services to its clients, which are investments of CIP – including wind farms and biomass power plants. Its core services include corporate reporting, financial controlling, and portfolio management.

Our consultation response is written in conjunction with the management teams responsible for these generation assets.

Regards,

**Andy Karran *MMath FCA***

Strategic Portfolio Manager
