

# Daily Balancing Costs

BM Cost (Indicative)

AS Cost (Estimate)

**Commentary**

The market was alternating between long and short throughout the day. However, it was predominantly long from 04:30 to 11:00 and from 11:30 to 18:30. No trades were required for either Margin or Downward Regulation. BM Actions helped to manage thermal constraints in Scotland until lunchtime. Trades and BM Actions supported Voltage Control.
