# CM095 and CM096 Timeline Update

	Workgroup Report issued to Panel	DFMR issued to Panel	FMR issued to Ofgem	Implementation Date
Previous timeline	13 August 2024	09 September 2024	13 September 2024 (by 5pm)	01 January 2025
New timeline	20 September 2024	16 October 2024	22 October 2024 (by 5pm)	01 January 2025

**Rationale:** The reforms put forward are unprecedented in scale and ambition, reflecting the importance of the challenges which the industry are seeking to resolve collectively.

The Proposals are going through the relevant open governance processes and have seen extraordinary levels of interest, reflecting the importance of the issues at hand.

There is input from a range of stakeholders on various aspects of the reforms and to allow sufficient time to engage with the views across industry in certain areas through the continuing code modification workgroup meetings.

The reforms are complex, and it's important that when the final report is submitted to the regulator for their decision that solutions have had robust review.

**Ask of Panel:** Agree revised timeline
