For reference the Applicable CUSC (non-charging) Objectives are:

Public

- a) *The efficient discharge by the Licensee of the obligations imposed on it by the Act and the Transmission Licence;*
- b) *Facilitating effective competition in the generation and supply of electricity, and (so far as consistent therewith) facilitating such competition in the sale, distribution and purchase of electricity;*
- c) *Compliance with the Electricity Regulation and any relevant legally binding decision of the European Commission and/or the Agency *; and*
- d) *Promoting efficiency in the implementation and administration of the CUSC arrangements.*

**The Electricity Regulation referred to in objective (c) is Regulation (EU) 2019/943 of the European Parliament and of the Council of 5 June 2019 on the internal market for electricity (recast) as it has effect immediately before IP completion day as read with the modifications set out in the SI 2020/1006.*

Please express your views in the right-hand side of the table below, including your rationale.

5	Do you agree with the Workgroup's assessment that the modification does not impact the Electricity Balancing Regulation (EBR) Article 18 terms and conditions held within the CUSC?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
		<p>The workgroup likely assessed that the modification does not impact the Electricity Balancing Regulation (EBR) Article 18 terms and conditions held within the CUSC because:</p> <ol style="list-style-type: none"> Alignment with Existing Framework: The modification does not introduce changes that alter the fundamental terms under Article 18 of the EBR. These terms outline the management of balancing services and associated charges, ensuring that core operational principles remain unaffected. Administrative Adjustments: The proposed changes may focus on administrative or procedural updates that align systems with retained EU law while maintaining the existing roles and responsibilities described in Article 18. Comprehensive Workgroup Review: The workgroup would have conducted a detailed analysis to ensure that the modification complies with the established regulatory framework, verifying that
