Dear requester

**Request for Information**

Thank you for your request for information which we received on 21 March 2025.

Your request has been considered under the Environmental Information Regulations 2004 (EIR).

**Request**

You asked us for, in relation to the T-4 Auction results for Delivery Years 2024/25 and 2025/26, a breakdown of the awarded capacity i.e., by technology and by built status.

**Our response**

The T-4 Reports for Delivery Years (DYs) 2024/2025 and 2025/2026 do not feature a "Capacity Procured by Technology Type" table (unlike the T-4 reports for DY 2026/2027 onwards).

We can confirm that we do not hold the information in that format.

Details on all Capacity Market Units (CMUs) participating in the relevant auction, indicating whether they secured a Capacity Agreement, their CMU Classification, De-rated Capacity, Contract Duration, and Fuel Type (i.e., the Technology Type), is provided in Appendix A of the reports.

Auction results of T-1 and T-4 Capacity Auctions are available here: [Auction Results](#).

This concludes our response to your request.

## Next steps

You can ask us to review our response. If you want us to carry out a review, please let us know within 40 working days and quote the reference number at the top of this letter.

If you are still dissatisfied after our internal review, you can complain to the Information Commissioner's Office (ICO). You should make complaints to the ICO within six weeks of receiving the outcome of an internal review. The easiest way to lodge a complaint is through their website: [www.ico.org.uk/foicomplaints](http://www.ico.org.uk/foicomplaints). Alternatively, they can be contacted at: Wycliffe House, Water Lane, Wilmslow, SK9 5AF.

Thank you for your interest in the work of the National Energy System Operator (NESO).

Regards,

The Information Rights Team, National Energy System Operator (NESO)
