Dear Gurpal,

This is the Grid Code Review Panel's Self-governance Statement to the Authority for Grid Code Modification Proposal GC0180. NESO has prepared this Self-Governance Statement on behalf of the Grid Code Review Panel and submits it to you in accordance with the Grid Code.

- I. Existing or future electricity customers;
- II. Competition in the generation, distribution, or supply of electricity or any commercial activities connected with the generation, distribution or supply of electricity,
- III. The operation of the National Electricity Transmission System
- IV. Matters relating to sustainable development, safety or security of supply, or the management of market or network emergencies
- V. The Grid Code's governance procedures or the Grid Code's modification procedures

The proposed timetable for the progression of GC0180 is as follows:
