Sc	hedule 4 – Payment Provisions	22

- Introduction
- 1.1. These BR Service Terms describe the requirements for provision of Balancing Reserve procured by NGESONESO under Auctions and the basis upon which NGESONESO shall make payments in respect thereof, and shall apply to each Service Provider and BR Unit the subject of a BR Contract (where, in accordance with the BR Procurement Rules, and for any BR Service Window, the Service Provider's Sell Order for that BR Unit is accepted (or partially accepted) by NGESONESO so as to render that BR Unit a Contracted BR Unit and that BR Service Window a Contracted Service Window).
- 1.2. Each **BR Contract** so formed shall create a legally binding obligation on the **Service Provider** to provide from the relevant **Contracted BR Unit**, and for **NGESONESO** to pay for, **Balancing Reserve** to be delivered during the relevant **Contracted Service Window** upon the terms of these **BR Service Terms**.
- 1.3. A BR Contract shall relate to a single Contracted BR Unit and shall apply only to a single Contracted Service Window.
- 1.4. For the avoidance of doubt:-
 - 1.4.1 except as otherwise provided in these BR Service Terms, neither a Service Provider nor NGESONESO shall be under any obligation or commitment to respectively provide or pay for Balancing Reserve except pursuant to a BR Contract formed in respect of that Contracted BR Unit for a Contracted Service Window; and
 - 1.4.2 **Service Providers** may continue to contribute towards **NGESO**'s requirement for **Regulating Reserve** on an optional basis by participating in the **Balancing Mechanism** outside of any **BR Contract** (including during periods where **Balancing Reserve** is or is deemed to be unavailable as described in these **BR Service Terms**).
- 1.5. Neither **Party** may terminate a **BR Contract** once formed except as provided or referred to in paragraph 17 or by agreement in writing between the **Parties**.
- 1.6. These **BR Service Terms** should be read alongside the **BR Procurement Documentation** of which they form a part.
- Changes to these BR Service Terms
- 2.1 Subject always to paragraph 2.2, **NGESONESO** may update these **BR Service Terms** from time to time by publication of an updated version on its website, and each such updated version shall be effective from the date shown on its front cover provided always that any updated version shall not apply to any **BR Contract** extant at the date of publication except with the consent in writing of the relevant **Service Provider**.
- To the extent required by the **Electricity Balancing Regulations** (and by reference to those provisions of the **BR Procurement Documents** constituting terms and conditions approved by the **Authority** as the terms and conditions related to balancing pursuant to Article 18 of the **Electricity Balancing Regulations**), any variation to these **BR Service Terms** will be proposed and implemented in accordance with the applicable requirements in the **Electricity Balancing Regulations**.
- 3. Defined Terms
- 3.1 Unless the context otherwise requires, terms used in these **BR Service Terms** shall have the meanings given to each (if any) in:-
 - 3.1.1 Schedule 1;
 - 3.1.2 the prevailing **BR Procurement Rules**; and
 - 3.1.3 the prevailing Balancing Services Glossary of General Terms and Rules of Interpretation.

- 3.2 Where a term is defined in Schedule 1 and also in either or both of the documents referred to at paragraphs 3.1.2 and 3.1.3, the meaning given in Schedule 1 shall prevail unless the context otherwise requires.
- 3.3 For the purposes of paragraph 3.1, with respect to any **BR Contract**, "prevailing" shall mean the latest version of the applicable document which is in effect at the time of formation of that **BR Contract**.
- 4. Interpretation
- 4.1 The rules of interpretation set out in the Balancing Services Glossary of General Terms and Rules of Interpretation shall apply to these BR Service Terms.
- 5. Service Availability
- 5.1 With respect to any Contracted BR Unit, NGESONESO may utilise Balancing Reserve made available by the Service Provider during Contracted Service Windows by the issue of one or more Bid-Offer Acceptances in accordance with the Grid Code.
- 5.2 To facilitate the issue by **NGESONESO** of a **Bid-Offer Acceptance** in respect of a **Contracted Service Window**, and subject always to paragraph 5.9, the **Service Provider** shall, as soon as reasonably practicable but in any event by no later than **Gate Closure** for that **Contracted Service Window**, submit to **NGESONESO** in accordance with the **Grid Code**, in respect of the relevant **Contracted BR Unit** and so as to constitute a **Mandatory Availability Declaration**, **BM Unit Data** meeting the requirements (as applicable) of paragraphs 5.3 to 5.8 inclusive.
- 5.3 Where the BR Contract is for Positive Balancing Reserve from a Final Physical Notification of zero or above, then the BM Unit Data shall include, for the relevant Contracted Service Window:-
 - 5.3.1 a Final Physical Notification where (subject always to paragraph 5.3.2):-

MEL - FPN ≥ Contracted Quantity

- 5.3.2 for **Contracted BR Units** which are **Power Park Modules** powered by an **Intermittent Power Source**, reference to **MEL** in paragraph 5.3.1 shall be to **Power Available**;
- 5.3.3 **Bid-Offer Data** comprising **Bid-Offer Pairs** (1 to 5) with a MW range greater than or equal to **Contracted Quantity**; and
- 5.3.4 associated **Dynamic Parameters** which are consistent in all respects with the **BR Service Parameters**.
- Where the **BR Contract** is for **Positive Balancing Reserve** from a negative **Final Physical Notification** towards zero but not through zero, then the **BM Unit Data** shall include, for the relevant **Contracted Service Window**:-
 - 5.4.1 a Final Physical Notification where:-

SIL – FPN ≥ Contracted Quantity

- 5.4.2 **Bid-Offer Data** comprising **Bid-Offer Pairs** (1 to 5) with a MW range greater than or equal to **Contracted Quantity**; and
- 5.4.3 associated **Dynamic Parameters** which are consistent in all respects with the **BR Service Parameters**.
- 5.5 Where the **BR Contract** is for **Positive Balancing Reserve** from a negative **Final Physical Notification** towards zero and through zero, then the **BM Unit Data** shall include, for the relevant **Contracted Service Window**:-
 - 5.5.1 a Final Physical Notification where:-

SEL and SIL equal zero, and

MEL – FPN ≥ Contracted Quantity else

SIL - FPN ≥ Contracted Quantity

- 5.5.2 **Bid-Offer Data** comprising **Bid-Offer Pairs** (1 to 5) with a MW range greater than or equal to **Contracted Quantity**; and
- 5.5.3 associated **Dynamic Parameters** which are consistent in all respects with the **BR Service Parameters**.
- 5.6 Where the **BR Contract** is for **Negative Balancing Reserve** from a **Final Physical Notification** (baseload) of zero or above zero but not through zero, then the **BM Unit Data** shall include, for relevant **Contracted Service Window**:-
 - 5.6.1 a Final Physical Notification where:-

FPN - SEL ≥ Contracted Quantity

- 5.6.2 **Bid-Offer Data** comprising **Bid-Offer Pairs** (-1 to -5) with a MW range greater than or equal to **Contracted Quantity**; and
- 5.6.3 associated **Dynamic Parameters** which are consistent in all respects with the **BR Service Parameters**.
- 5.7 Where the **BR Contract** is for **Negative Balancing Reserve** from a **Final Physical Notification** (baseload) of zero or above zero to a position less than zero, then the **BM Unit Data** shall include, for the relevant **Contracted Service Window**:-
 - 5.7.1 a Final Physical Notification where:-

SEL and SIL equal zero, and FPN - MIL ≥ Contracted Quantity

If FPN > 0 and SEL and SIL are not both 0 then FPN - SEL ≥ Contracted Quantity If FPN < 0 then FPN - MIL ≥ Contracted Quantity

- 5.7.2 **Bid-Offer Data** comprising **Bid-Offer Pairs** (-1 to -5) with a MW range greater than or equal to **Contracted Quantity**; and
- 5.7.3 associated **Dynamic Parameters** which are consistent in all respects with the **BR Service Parameters**.
- 5.8 Where the BR Contract is for Negative Balancing Reserve from a negative Final Physical Notification, then the BM Unit Data shall include, for the relevant Contracted Service Window:-
 - 5.8.1 a Final Physical Notification where:-

FPN - MIL ≥ Contracted Quantity

- 5.8.2 **Bid-Offer Data** comprising **Bid-Offer Pairs** (-1 to -5) with a MW range greater than or equal to **Contracted Quantity**; and
- 5.8.3 associated **Dynamic Parameters** which are consistent in all respects with the **BR Service Parameters**.
- 5.9 Where the **Service Provider** becomes aware of changes in the technical capability of a **Contracted BR Unit** (which for the avoidance of doubt shall exclude the circumstances described in paragraph 5.12.2 5.13.2insofar as already notified to **NGESONESO**) rendering it unable to deliver **Balancing Reserve** in a **Contracted Service Window** in accordance with its **BR Contract**, then it shall promptly

indicate such unavailability, where applicable by withdrawing its **Mandatory Availability Declaration** (regardless of whether before or after **Gate Closure** for that **Contracted Service Window**), by way of an appropriate resubmission of its relevant **BM Unit Data** in accordance with the **Grid Code**.

- 5.10 Each withdrawal by the **Service Provider** of a **Mandatory Availability Declaration** pursuant to paragraph 5.9 shall, upon request by **NGESONESO** and as soon as reasonably practicable thereafter be followed by an explanation in reasonable detail of the reasons for such unavailability.
- Where at any time with respect to a Contracted Service Window NESO reasonably considers that the Service Provider has submitted Bid-Offer Prices into the Balancing Mechanism (whether or not accepted by NESO by way of Bid-Offer Acceptance(s)) which by virtue of being excessively high or excessively low (as the case may be) having regard to market prices and conditions, have as their sole or primary objective to discourage NESO from issuing Bid-Offer Acceptance(s) with respect thereto, then NESO may so notify the Service Provider requesting an explanation in reasonable detail of the rationale for such pricing. If, having received such explanation, NESO continues to believe that such Bid-Offer Prices have as their sole or primary objective to discourage NESO from issuing Bid-Offer Acceptance(s), or if no explanation in reasonable detail is received by NESO withing fourteen (14) days of such request, then NESO having regard to all the circumstances, may at its sole discretion:-
 - 5.11.1 refer such **Bid-Offer Prices** to the **Authority** for consideration; and/or
 - 5.11.2 declare **Balancing Reserve** as unavailable from that **Contracted BR Unit** for the entire affected **Contracted Service Window**(s),

and where **NESO** has taken either or both of such actions in consequence of the same or similar circumstances occurring in the preceding period of ninety (90) days (whether or not related to the same **Contracted BR Unit**), then **NESO** may at its sole discretion:

- 5.11.3 **Deregister** the relevant **Contracted BR Unit**(s) or any of them; and/or
- 5.11.4 Deregister the Service Provider as a Registered BR Participant and/or Registered Service Provider.
- Where, in respect of any Contracted BR Unit and Contracted Service Window, the Service Provider shall have failed to submit (or shall have withdrawn pursuant to paragraph 5.9) a Mandatory Availability Declaration meeting the requirements (as applicable) of paragraphs 5.3 to 5.8 inclusive, then Balancing Reserve shall be deemed unavailable from that Contracted BR Unit for the entire affected Contracted Service Window, and paragraph 1.4.2 shall apply.
- 5.125.13 Without prejudice to paragraph 5.1112, and with respect to any Contracted BR Unit and Contracted Service Window, Balancing Reserve shall be deemed unavailable for the entirety of that Contracted Service Window if, at any time during that Contracted Service Window:-
 - 5.12.15.13.1 the prevailing **Dynamic Parameters** (or any of them) submitted by the **Service Provider** are in any way inconsistent with the **Dispatch Flexibility Rules**; or
 - 5.12.25.13.2 the Contracted BR Unit becomes incapable of delivering the full Contracted Quantity for the remainder of that Contracted Service Window; or
 - 5.12.35.13.3 there is no, or ceases to be any, personnel employed by or contracted to the **Service**Provider present and tasked with responding to signals from **Control Telephony** or

 System Telephony relating to that **Contracted BR Unit**.
- 5.135.14 Without prejudice to paragraph 9.2:-, in the case of any:-
 - 5.1314.1 any failure to comply with paragraph 5.10; and/or
 - 5.1314.2 any-indication of unavailability pursuant to paragraph 5.9 which is not solely due to the technical capability of the **Contracted BR Unit**; and/or

- 5.1314.3 any-indication that a **Contracted BR Unit** which is otherwise technically capable of delivering **Balancing Reserve** is or has become incapable of delivering the full **Contracted Quantity** for the remainder of a **Contracted Service Window** as described in paragraph 5.1213.2; and/or
- 5.1314.4 any persistent or repetitive failure to submit and/or withdraw Mandatory Availability Declarations pursuant _to paragraphs 5.2 or 5.9; and/or
- 5.1314.5 any deemed unavailability pursuant to paragraph 15,

then NESO may result in NGESO at its sole discretion determining pursuant to the BR Procurement Rules that the Service Provider may not participate in the Auctions (but with respect to reasonable grounds):-

- (a) Deregister the relevant Contracted BR Unit-(s) or any of them; and/or
- (a)(b) Deregister the Service Provider as a Registered BR Participant or Registered Service Provider.
- 5.14<u>5.15</u> No costs or expenses incurred by **Service Providers** in the course of preparing and/or submitting **Mandatory Availability Declarations** shall be paid by **NGESONESO**.
- 5.15 Upon service of any valid **Transfer Notice** pursuant to paragraph 23, and in relation only to the relevant **Transfer Period**, the provisions of this paragraph 5 shall be varied as between **NGESO** and the **Primary Service Provider** in the manner set out in paragraph 23.13.
- Service Instruction
- 6.1 Service Providers shall be instructed to provide Balancing Reserve from a BR Contract in all or part of Contracted Service Windows by way of Bid-Offer Acceptances which may be issued by NGESONESO in accordance with the Grid Code.
- For the avoidance of doubt, where NGESONESO requires provision of Balancing Reserve in all or part of a Contracted Service Window, it may issue a Bid-Offer Acceptance either prior to or during that Contracted Service Window, consistent with the BR Service Parameters.
- 6.3 Upon service of any valid **Transfer Notice** pursuant to paragraph 23, and in relation only to the relevant **Transfer Period**, the provisions of this paragraph 6 shall be varied as between **NGESO** and the **Primary Service Provider** in the manner set out in paragraph 23.13.
- 7. Service Delivery
- 7.1 The Service Provider shall, commencing on or before the expiry of the Response Time, begin ramping up so as to deliver from the Contracted BR Unit the instructed volume in accordance with the Bid-Offer Acceptance by no later than expiry of the applicable Ramping Period, and shall maintain that delivery volume for the duration of the period implied in the Bid-Offer Acceptance(s), provided that no such obligation shall arise in respect of any Bid-Offer Acceptance rejected by the Service Provider pursuant to Grid Code BC2.7.3.
- 7.2 For the avoidance of doubt, each **Contracted BR Unit** shall be capable of delivering the full **Contracted Quantity** for the duration of the **Contracted Service Window**.
- 7.3 In the event that, in respect of any **Contracted Service Window**:-
 - (a) the volume in MWh of Balancing Reserve provided by the Service Provider in accordance with one or a series of contiguous Bid-Offer Acceptance(s) issued in accordance with subparagraph 6 (where applicable, adjusted for operation in Frequency Sensitive Mode in accordance with an instruction from NGESONESO) is less than ninety-five (95)% of the volume in MWh of energy instructed to be delivered in accordance with such Bid-Offer Acceptance(s); or

(b) a **Bid-Offer Acceptance** is rejected by the **Service Provider** (other than in accordance with **Grid Code** BC2.7.3(b) and whether for reasons of safety or otherwise),

then no BR Availability Payment shall fall due with respect to that Contracted Service Window.

- 7.4 Upon service of any valid **Transfer Notice** pursuant to paragraph 23, and in relation only to the relevant **Transfer Period**, the provisions of this paragraph 7 shall be varied as between **NGESO** and the **Primary Service Provider** in the manner set out in paragraph 23.13.
- 8. Dispatch Flexibility Rules
- 8.1 For the purposes of these **BR Service Terms**, the **Dispatch Flexibility Rules** are that each **Contracted BR Unit** shall be capable of being dispatched in accordance with paragraph 7.1 at any time during a **Contracted Service Window**:-
 - 8.1.1 from any prevailing **Stable Export Limit** or **Stable Import Limit** (which for the avoidance of doubt may be zero (0) MW) or from any other higher level of **Output** or **Demand**;
 - 8.1.2 for all or part of its **Contracted Quantity** and in one or multiple consecutive increments of one (1) MW subject only to the ability of a **Service Provider** to submit a **Stable Export Limit** and/or **Stable Import Limit** (as applicable) of up to and including twenty-five (25) MW so as to restrict dispatch of a **Contracted BR Unit** from zero (0) MW to such **SEL** or **SIL** (as the case may be) in a single increment; and
 - 8.1.3 for a single or multiple consecutive periods each period of not less than one (1) minute duration (representing a minimum activation period which at NESO's discretion may be a single instructed period or consecutive instructed periods) which for these purposes shall exclude Ramping Periods, subject only to the ability of a Service Provider to submit a Minimum Non-Zero Time of up to five (5) minutes so as to restrict dispatch of a Contracted BR Unit from zero (0) MW to such MNZT (and for the avoidance of doubt such MNZT shall include Ramping Periods).
- 9. BR Availability Payments
- In respect of each BR Contract formed pursuant to the BR Procurement Rules, and subject always to paragraph 9.2, NGESONESO shall, in accordance with paragraph 11, pay to the Service Provider an amount (a "BR Availability Payment") calculated in accordance with the formula in Schedule 23 and by reference to the applicable Market Clearing Price for each relevant Contracted Service Window.
- 9.2 No **BR Availability Payment** shall be made by **NGESONESO** to the **Service Provider** pursuant to this paragraph 9 in respect of any **Contracted Service Window** which is wholly or partly affected by a period or periods of unavailability or deemed unavailability pursuant to paragraphs 5 or 15.
- 9.3 With respect to any Transfer Period, and for the avoidance of doubt:
 - (a) for the purposes of this paragraph 9, the availability of Balancing Reserve pursuant to the relevant BR Contract shall be assessed by reference to the BR Units(s) registered to the Secondary Service Provider and not to the Primary Service Provider's Contracted BR Unit; and
- all and any BR Availability Payments accruing due pursuant to this paragraph 9 shall be payable to the Primary Service Provider and nothing in these BR Service Terms shall create any liability or obligation on the part of NGESO to make any such payments to the Secondary Service Provider.
 - 10. Energy Utilisation Payments
 - 10.1 Payments to the **Service Provider** with respect to the provision of **Balancing Reserve** in **Contracted Service Windows** shall be made in respect of each **Bid Offer Acceptance** in accordance with the **Balancing and Settlement Code**.
 - 10.2 With respect to any Transfer Period, and for the avoidance of doubt:-

- (a) for the purposes of this paragraph 10, the provision of Balancing Reserve pursuant to the relevant BR Contract shall be assessed by reference to the BR Unit(s) registered to the Secondary Reserve Provider and not to the Primary Reserve Provider's Contracted BR Unit; and
- (b) all and any Energy Utilisation Payments made pursuant to Bid-Offer Acceptances shall be made in accordance with the BSC to the Secondary Reserve Provider and not to the Primary Reserve Provider but subject thereto nothing in these BR Service Terms shall create any liability or obligation on the part of NGESO to make any such payments to the Secondary Reserve Provider.
- Payment Procedure
- In respect of each calendar month during which the **Service Provider** has been party to one or more **BR Contracts**, **NGESONESO** shall send to the **Service Provider** a **Monthly Statement** setting out, in respect of each such **BR Contract**, its calculation of:-
 - (a) the BR Availability Payments payable to the Service Provider pursuant to paragraph 8;
 - (b) any adjustments made to previous Monthly Statements; and
 - (c) the resulting net amount due to (or from, as the case may be) the Service Provider,

and in respect thereof the provisions of Schedule 34 shall apply.

- 12. Grid Code and Distribution Code
- The provision by the **Service Provider** of **Balancing Reserve** shall not relieve it of any of its obligations or affect such obligations (where applicable) set out in the **Grid Code** (including its obligations (if any) to provide **Mode A Frequency Response** when instructed by **NGESONESO** pursuant to the **CUSC** and/or the **Grid Code**) or to provide **Demand** control when instructed by **NGESONESO** pursuant to **Grid Code** OC6) or in the **Distribution Code** of its host **Public Distribution System Operator**.
- 12.2 Without limiting paragraph 12, each Service Provider that is or becomes a DRSC Liable User shall, for the duration of each Contracted Service Window, comply in all respects with the Demand Response Services Code as it refers to Demand Response Active Power Control.
- 13. Maintenance of Plant and Apparatus
- 13.1 The Service Provider shall maintain all Plant and Apparatus comprising each BR Unit to such a standard that the Service Provider can meet its obligations to provide Balancing Reserve in accordance with each BR Contract and these BR Service Terms.
- 14. Third Party Claims
- The Service Provider undertakes to NGESONESO that the availability and delivery of Balancing Reserve from any Contracted BR Unit pursuant to and in accordance with each BR Contract and these BR Service Terms (including during any Transfer Period) will not at any time during any Contracted Service Window cause the Service Provider to be in breach of or to otherwise be non-compliant with any Connection Agreement and/or any agreement for the supply of electricity or related services to or from a Contracted BR Unit.
- Notwithstanding paragraph 14.1, in the event that the Service Provider (or, during any Transfer Period, any Secondary Service Provider) makes available and/or delivers Balancing Reserve in accordance with these BR Service Terms in consequence of which NGESONESO suffers or incurs any loss in respect of a claim brought by any third party related to any actual or alleged breach or non-compliance by the Service Provider as described in paragraph 14.1, then the Service Provider shall indemnify NGESONESO against all and any losses, liabilities, claims, expenses and demands suffered or incurred by NGESONESO in connection therewith. Such indemnity shall include any legal costs and expenses reasonably incurred in the contesting of such claims including the court costs and reasonable attorney's fees and other professional advisors' fees. The Parties agree and accept that,

for the purposes of paragraph 20, all such legal costs and expenses expressed to be the subject of such indemnity shall be treated as direct losses.

- In the event of any such claim referred to in paragraph 14.2 being made against NGESO, NGESO, NESO shall as soon as reasonably practicable give notice of the claim together with all relevant supporting documentation to the Service Provider. The Service Provider shall be entitled, upon written notice to NGESONESO and subject to NGESONESO receiving from the Service Provider such reasonable undertakings as NGESONESO shall reasonably require to protect NGESONESO against damage to its name and reputation, to assume at its own expense the sole conduct of all proceedings relating to such claim including the right to contest such claim in the name of NGESO. NGESONESO shall supply the Service Provider with all information, assistance and particulars reasonably required by the Service Provider in connection therewith. NGESONESO shall not accept, settle, pay or compromise any such claim without the prior written approval of the Service Provider (not to be unreasonably withheld or delayed). The Service Provider shall reimburse to NGESONESO all of its reasonable expenses incurred in connection with the provision of any such information, assistance or particulars in the contesting of any such claim.
- 15. Provision of Other Services
- The Service Provider undertakes to NGESONESO that the availability and delivery of Balancing Reserve from any BR Unit pursuant to and in accordance with a BR Contract and these BR Service Terms will not at any time during any Contracted Service Window (including during any Transfer Period) be impaired or otherwise prejudiced by:-
 - 15.1.1 any planned increase or reduction (as the case may be) in **Output** of that **BR Unit** which reduces the **BR Capacity** to less than the **Contracted Quantity** otherwise than pursuant to a **Bid-Offer Acceptance** (which for the avoidance of doubt shall exclude for these purposes any unplanned outage of the **BR Unit** caused by a breakdown **of Plant or Apparatus**); and/or
 - 15.1.2 the Service Provider's (or, during any Transfer Period, any Secondary Service Provider's) performance of any agreement with a third party (including another Service Provider) relating to that Contracted BR Unit, including the making available and/or delivery of services to that third party by the Service Provider (whether by way of increases or reductions in Generation or Demand or stipulated running profiles, participation in any other services (including where part of a trial service) or otherwise, and whether to assist in the management, operation or protection of a User System or otherwise).
- Notwithstanding paragraph 15.1, in the event that the Service Provider (or, during any Transfer Period, any Secondary Service Provider) is unable to provide Balancing Reserve (to any extent, in all or any part of any Contracted Service Window for any reason described in paragraph 15.1, then the Service Provider shall (or shall procure that the Secondary Service Provider shall) give a full explanation to NGESONESO in its notification of unavailability pursuant to paragraph 5.9, and the Contracted BR Unit shall be deemed unavailable for the entire affected Contracted Service Window and paragraph 5.11 shall apply.
- Where paragraph 15.2 applies, upon request from NGESONESO (in accordance with Schedule 34) an amount equal to the aggregate Incremental Volume Cost Amount for each relevant Settlement Period by way of reimbursement of NGESO's NESO's additional costs of alternative or replacement service provision resulting from the Service Provider's inability to provide Balancing Reserve as referred to in paragraph 15.2.
- Where, during any Contracted Service Window, a Service Provider is required under the terms of any agreement with NGESONESO to provide from any Contracted BR Unit any other Balancing Service (except with respect either to Reactive Power or where the Contracted BR Unit is operating in Frequency Sensitive Mode upon instruction of NGESONESO), the Parties agree and acknowledge that, unless NGESONESO determines (acting reasonably) that such service provision is not in conflict with the delivery of Balancing Reserve, Balancing Reserve cannot be provided simultaneously with such other Balancing Service and accordingly:-
 - 15.4.1 unless pursuant to the terms for provision of and payment for such other **Balancing Services** the relevant **Contracted BR Unit** is deemed unavailable to provide **Balancing Reserve** or

- except as may otherwise be specified by **NGESONESO** in writing, the relevant **Contracted BR Unit** shall be deemed unavailable to provide such other **Balancing Service**; and
- 15.4.2 availability of the **Contracted BR Unit** to provide **Balancing Reserve** pursuant to these **BR Service Terms** shall prevail.
- For the avoidance of doubt, paragraph 15.4 shall not affect the submission by a **Service Provider** of (1) bids and offers (and the issue of **Bid-Offer Acceptances**) under the **Balancing Mechanism** where not made pursuant to terms agreed with **NGESONESO** for provision of any other **Balancing Service**, and (2) a **Sell Order** for **Positive Balancing Reserve** and a **Sell Order** for **Negative Balancing Reserve** with respect to the same **BR Unit** and **Contracted Service Window** insofar as permitted by the **BR Procurement Rules**.
- Without prejudice to the undertaking in paragraph 15.1, nothing in this paragraph 15 shall prevent or restrict any **Contracted BR Unit** from providing **Balancing Reserve** in any **Contracted Service**Window which overlaps to any extent with service provision under a contract to which the **Service**Provider is a party pursuant to the **Capacity Market Rules**.
- 16. Communications
- Any communications required by these **BR Service Terms** to be given in writing shall unless otherwise provided in this paragraph 16 be made and deemed to have been received in accordance with paragraph 28 save as may be otherwise agreed by the **Parties**.
- The **Parties** consent to the recording of all telephone conversations between them relating in whole or in part to these **BR Service Terms**, and each **Party** agrees to notify its employees of that consent and obtain their consent to that recording if required by **Law**.
- Unless otherwise expressly provided in these **BR Service Terms**, and subject always to paragraph 16.4, all communications between the **Parties** (or between **NGESONESO** and the **Service Provider's Agent**) pursuant to these **BR Service Terms** shall be given via **EDL/EDT**.
- 16.4 If, for whatever reason, EDL/EDT shall at any time become unavailable, then to that extent all declarations, instructions and other communications of whatever nature which concern the availability and utilisation of Balancing Reserve shall be given by Control Telephony or System Telephony or by such other means as may be agreed between the Parties.
- 17. Termination of BR Contracts
- 17.1 Either **Party** shall have the right to terminate a **BR Contract** in the circumstances set out in paragraph 87.1 of the **Common-Flexibility Service Terms and Conditions** Services Standard Agreement as if paragraphs 87.1 and 87.3 were set out in full herein.
- 17.2 Without prejudice to paragraph 17.1, and in addition to any other rights of termination available under the BR Procurement Documentation, NGESONESO may in its absolute discretion terminate a BR Contract in respect of an Contracted BR Unit with immediate effect by notice in writing to the Service Provider where the Service Provider is in material breach of a warranty or declaration given as part of the Registration and Pre-Qualification Procedure or under any of the BR Procurement Documentation.
- 17.3 Paragraphs 87.5 to 87.7 inclusive of the Common Flexibility Service Terms and ConditionsServices Standard Agreement shall apply as if set out in full herein.
- Monitoring and Metering
