## Workgroup Consultation Response – Summary

The GC0174 Workgroup Consultation was held between 28 February – 21 March 2025 and received one response.

- The respondent agrees that the Original proposal better facilitates Grid Code applicable objectives a), c) and d).  
(*This is now i, iii and iv*)
- The respondent supports the proposed implementation approach
- The respondent agrees that the draft legal text satisfies the intent of the modification, and that the modification does not impact EBR Article 18.

# Workgroup Vote

# Can I vote? And What is the Alternative Vote?

To participate in any votes, Workgroup members need to have attended at least 50% of meetings. The vote shall be decided by simple majority of those present at the meeting at which the vote takes place (whether in person or by teleconference)

## Stage 1 – Alternative Vote

- Vote on whether Workgroup Alternative Requests should become Workgroup Alternative Grid Code Modifications.
- The Alternative vote is carried out to identify the level of Workgroup support there is for any potential alternative options that have been brought forward by either any member of the Workgroup OR an Industry Participant as part of the Workgroup Consultation.
- **Should the majority of the Workgroup OR the Chair believe that the potential alternative solution may better facilitate the Grid Code objectives than the Original then the potential alternative will be fully developed by the Workgroup with legal text to form a Workgroup Alternative Grid Code modification (WAGCM)** and submitted to the Panel and Authority alongside the Original solution for the Panel Recommendation vote and the Authority decision.

# Can I vote? And What is the Alternative Vote?

To participate in any votes, Workgroup members need to have attended at least 50% of meetings. The vote shall be decided by simple majority of those present at the meeting at which the vote takes place (whether in person or by teleconference)

## Stage 2 – Workgroup Vote

- 2a) Assess the original and Workgroup Alternative (if there are any) against the relevant Applicable Objectives compared to the baseline (the current code)
- 2b) Vote on which of the options is best.

Alternate Requests cannot be raised after the Stage 2 – Workgroup Vote

## Timeline for [Modification Number] as at [DD Month Year]

Insert end to end timeline – format is your choice but you will need to call out what each Workgroup is seeking to do (as without that, hard to see if it is achievable and the goal is to get agreement from Workgroup) and talk through it
