CUSC Panel Headline Report 23 May 2025

The Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

Approval of Panel Minutes

The meeting minutes from the Panel on 28 April 2025 were approved and these have been uploaded to our [website](#).

The meeting minutes from the Panel on 02 May 2025 will be presented for approval at the Panel meeting on 27 June 2025.

New Modifications

The following new Modification Proposal was presented to the Panel:

CMP453 'To Bill BSUoS on a net basis at BSC Trading Units'

CMP453 seeks to move to gross billing of BSUoS means that customers forming part of a BSC Trading Unit are paying BSUoS when the net flows at the point of connection are exports, so the customers are not using the system and should not pay BSUoS.

The Panel by majority agreed that CMP453 should follow the Standard governance route and proceed to a Workgroup. The Panel agreed to approve the Terms of Reference and the Timeline via circulation.

CMP453 documentation can be found [here](#)
