

Annex 1

GB Pricing Methodology Consultation.

Table 1

Summary of responses and key themes from the consultation responses and NESO comments. For responses provided on the official template we have only included the specific questions the provider responded to, all other questions should be assumed as "no comment" from the provider.

Respondent	Respondent or Key Theme	NESO's Comment and Response
InterGen	<p>Q1. Do you agree with the scope of the pricing methodology? Please give reasons why.</p> <p>Yes.</p>	Many thanks for the submission for the GB Pricing Methodology consultation, we can confirm we have received it, and the feedback will be considered by NESO.
	<p>Q3. Do you agree with the economic theory and market criteria outlined in the pricing methodology? Is there anything further for NESO to consider?</p> <p><i>Agree with theory. If not considered already there could be disruption associated with a change to PAC at a time of significant change in the industry.</i></p>	Many thanks for the submission for the GB Pricing Methodology consultation, we can confirm we have received it, and the feedback will be considered by NESO.
	<p>Q4. What are your thoughts on changing the terminology from 'legacy' to 'enduring' in the pricing methodology document? Do you think this change enhances the understanding of the product?"</p> <p><i>No issue</i></p>	Many thanks for the submission for the GB Pricing Methodology consultation, we can confirm we have received it, and the feedback will be considered by NESO.
