STC Panel Headline Report 30 July 2025

The Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

Approval of Panel Minutes

The meeting minutes from the Panel on 21 May were approved and these have been uploaded to our [website](#).

New Modifications

The following new Modification Proposal was presented to the Panel:

CM0102 Rectification to implementation of various legal text

This proposal aims to correct the legal text errors in modifications which have been approved by the Authority (CM086, CM087, CM095, CM098, CM099)

The Panel unanimously agreed that CM0102 should follow the Fast Track Self-Governance route and proceed to the Fast Track Self-Governance Appeals window.

(Post Panel Meeting note: Following the conclusion of the July Panel meeting, Panel members identified errors in the Legal Text. This modification will not be issued to industry but will be reviewed, reworked, and presented to Panel again at the August Panel meeting.)

CM0102 documentation can be found [here](#).

New / Pending Authority Decisions

Decisions since the last Panel

There have been no Authority decisions on STC Modifications since the last Panel.

Awaiting Decisions

There are no STC Modifications awaiting a decision from the Authority.

Ofgem publish a table that provides the expected decision date, or date they intend to publish an impact assessment or consultation, for code modifications/proposals that are with them for decision. This was last updated on 07 July 2025 and is published [here](#).

Public

The next Modification Tracker will be published on 07 August 2025.

Workgroup Reports

No Workgroup Reports were presented to the Panel.

Draft Final Modification Reports

No Draft Final Modification Reports were presented to the Panel.

Other

The Panel received a presentation from NESO on the soft launch for SAR (System Access Reform) Transmission Acceleration.

The Panel received an update from NESO on CMP447 (follow on Modification to CMP428) asking the Panel to note the consequential changes that will be needed to reflect the new CUSC definitions of these terms, if CMP447 is approved as expected towards the end of October:

- Definition of Excepted Works (which is mis-spelt in STC as “expected works”) and
- Definition of Attributable Works in the STC

Key Activities ahead of next panel

Grid Code Development Forum: 06 August 2025

Modification Proposal Deadline for August Panel: 05 August 2025

Papers Day: 12 August 2025
