STC Panel Headline Report 20 August 2025

The Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

Approval of Panel Minutes

The meeting minutes from the Panel on 30 July 2025 were approved and these have been uploaded to our [website](#).

Draft Modifications

The following Draft Modification Proposal was presented to the Panel:

PM0133 'Network Services Feasibility Studies'

Creating a defined process/mechanism for the provision of pathfinder feasibility studies.

The Panel reviewed the Draft Modification Proposal, noting that the change is deemed to be material. The Proposer will contact the Authority requesting written approval to proceed, and to clarify the governance route. The Proposer will update the Panel on this modification at the September Panel meeting.

PM0133 documentation can be found [here](#).

New Modifications

The following new Modification Proposals were presented to the Panel:

CM0102 'Rectification to implementation of various legal text'

This proposal aims to correct the legal text errors in modifications which have been approved by the Authority (CM086, CM087, CM095, CM098, CM099).

The Panel unanimously agreed that CM0102 should follow the Fast-Track Self Governance route and proceed to the Fast-Track Self Governance Appeals Window. CM0102 documentation can be found [here](#).

CM0103 'STC Consequential Modification for CMP447 (follow on Modification to CMP428)'

Public

This modification seeks to introduce consequential changes needed to reflect the new CUSC definitions of terms, if CMP447 is approved as expected towards the end of October 2025.

The Panel agreed unanimously that CM0103 should follow the Self Governance route and proceed to Code Administrator Consultation.

CM0103 documentation can be found [here](#).

New / Pending Authority Decisions

Decisions since the last Panel

There have been no Authority decisions on STC Modifications.

Awaiting Decisions

There are no STC Modifications awaiting a decision from the Authority.

Ofgem publish expected decision dates, or date they intend to publish an impact assessment or consultation, for code modifications/proposals that are with them for decision. This is published [here](#).

In flight Modifications

CM097 'Electromagnetic Transient (EMT) and Root Mean Square (RMS) Model Submission for Transmission Owners (TOs)'

The Panel approved the new timeline as submitted within the Panel Papers.

The next Modification Tracker will be published on 08 September 2025.
