# Special Grid Code Review Panel

## Headline Report 18 September 2025

The Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

### Workgroup Reports

The following Workgroup Report was presented to the Panel:

#### **GC0183 'Generator and Interconnector Availability During a Severe Space Weather Event'**

This modification will make changes to the Grid Code to obligate Generators and Interconnectors to notify NESO of their intended position in the event of severe space weather.

The Panel agreed that the Terms of Reference have been met and agreed for GC0183 to proceed to Code Administrator Consultation. The Code Administrator Consultation will be published on 19 September 2025, and this will close on 20 October 2025.

GC0183 documentation can be found [here](#).
