Code Administrator Meeting

Summary

Workgroup Meeting 1: Metering Polarity

Date: 15 September 2025

Contact Details

Chair: Robert Hughes, Robert.Hughes3@neso.energy

Proposer : Thomas Goss, Thomas.Goss2@neso.energy

Key areas of discussion

The Chair formally welcomed members to Workgroup 1 and outlined the agenda. The agenda included discussions on the code modification process, Workgroup responsibilities, agreeing on the Terms of Reference, and addressing the Workgroup Consultation process.

Code Modification Process Overview

The Chair provided a detailed overview of the process, emphasising the roles, responsibilities, and expectations of Workgroup members.

Review Terms of Reference

The Chair proceeded to review the Terms of Reference, which included Specific focus on implementation arrangements, alignment with the electrical standard, and clarity on power flow.

Proposers Presentation

The Proposer delivered a comprehensive presentation focusing on metering polarity, its impact on NESO and stakeholders, and the lack of a unified standard.

The proposed solution involves publishing a diagram and supplementary text as a new standard, initially for new connections, with a future stage for legacy systems.

The Workgroup Members discussed practical implementation, cost implications, and the cut-off for new connections.

A Workgroup Member sought clarity on whether the modification applies to TOS, OFTOs, and large demand users, and the need for potential changes to the STC.

Action Number	Workgroup Raised	Owner	Action	Due by	Status
1	WG1	HG	Update the Workgroup on a proposed implementation date for the new metering polarity standard for consideration at the next workgroup meeting.	WG2	Open
2	WG1	HG/PP	Clarify in writing whether TOS and OFTOs are included in the scope of the modification and, if so, highlight the consequent issues for the STC for workgroup consideration.	WG2	Open
3	WG1	RC	Share the latest version of the metering polarity diagram	WG2	Open

Attendees

Name	Initial	Company	Role
Robert Hughes	RH	NESO	Chair
Prisca Evans	PE	NESO	Technical Secretary
Pritesh Patel	PP	NESO	Proposer Alternate
Hao Guo	HG	NESO	NESO Representative
Andrew Urquhart	AU	SSE	Workgroup Member
Alan Convery	AC	SP Transmission	Workgroup Member

Public

Graeme Vincent	GV	SP Transmission	Workgroup Member Alternate
Ross Strachan	RS	EDF	Workgroup Member Alternate
Tim Ellingham	TE	RWE	Workgroup Member Alternate
Angie Gwozdz	AG	NESO	Observer
Elena Fry	EF	NESO	Observer
Rebecca Coan	RC	NESO	Observer
Tzvetomir Terziysky	TT	NESO	Observer
Paul Drew	PD	OFGEM	Authority Representative
