

CM0105 Meter Polarity - Legal Text Update

Annex 1: Proposed to place in In STC Section D Part One – 2.2.6, to add a new clause.

Where an **STC Code User** installs or changes its operational metering on or after 1st November 2026, the **User** shall be required to satisfy the requirements of the Meter Polarity Standard for Power Flow. The detailed specifications for this standard are listed as an Electrical Standard in Annex (b) of the **General Conditions**. The **STC Code User** shall provide the list of metering points to **The Company** during the planning stage prior to replacement of the operational metering. These metering points will be checked and validated by **The Company** and agreed with the **STC Code User** prior to issue of **Limited Operational Notification**.

Proposed to place in In STC Section D Part One – 2.2.6, to add a new Diagram after the above text:
