SQSS Panel Headline Report 31 October 2025

The Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

Approval of Panel Minutes

The meeting minutes from the Panel on 29 July 2025 will be presented for approval at the SQSS Panel meeting in December 2025, the date is to be confirmed.

New Modifications

The following new Modification Proposal was presented to the Panel:

GSR034 'Review of Loss of Power Infeed Risk for Offshore DC Converter'

This modification is proposed to assess the 1320MW restriction on the loss of power infeed for outages of offshore DC converters.

The Panel unanimously agreed that GSR034 should follow the Self Governance route and proceed straight to a Code Administrator Consultation for 10 Business Days.

GSR034 documentation can be found [here](#).

New / Pending Authority Decisions

Decisions since the last Panel

There have been no Authority decisions on SQSS Modifications.

Awaiting Decisions

There are no SQSS Modifications awaiting a decision from the Authority.

Ofgem publish a table that provides the expected decision date, or date they intend to publish an impact assessment or consultation, for code modifications/proposals that are with them for decision. This is published [here](#).

Public

In flight Modifications

GSR030 'Offshore DC Connections'

The Panel approved the removal of defect 1 from GSR030 and agreed that it could continue as a modification to resolve defects 2 and 3.

The next Modification Tracker will be published on 07 November 2025.

Workgroup Reports

No Workgroup Reports were presented to the Panel.

Draft Final Modification Reports

No Draft Final Modification Reports were presented to the Panel.
