## What is the issue?

Following a review of Legal Text approved by the Authority and implemented through various modifications, NESO highlighted Legal Text inaccuracies. This modification proposes to make minor changes to the text which will correct those.

## Why change?

These changes should be made to the CUSC to correct minor typographical and formatting errors that have occurred as a result of the following implementations:

- CMP434 'CMP434 / CMP435 Section 11 Changes'
- CMP435 'Application of Gate 2 Criteria to existing contracted background'
- CMP443 'Removing references to "Fax" or "Facsimile" within the CUSC'
- CMP454 'CMP434 / CMP435 Section 11 Changes'

## What is the Proposer's solution?

The changes proposed will correct minor typographical and formatting errors within the CUSC Legal Text documents.

The corrections have been made to the following legal text:

- CMP434: Section 6
- CMP435: Section 11 and Exhibit D
- CMP443: Section 4, Section 6, Exhibit O Part 2B and Exhibit O Part 1C
- CMP454: Section 11
- NESO Internal Review: Section 3, Section 4 and Section 11

## Legal text

Legal Text for these changes can be found in **Annex 02**.

## What is the impact of this change?

Proposer's assessment against CUSC Non-Charging Objectives	
Relevant Objective	Identified impact
(i) The efficient discharge by the Licensee of the obligations imposed on it by the Act and by this licence*;	<b>Neutral</b>
(ii) Facilitating effective competition in the generation and supply of electricity, and (so far as consistent therewith) facilitating such competition in the sale, distribution and purchase of electricity;	<b>Neutral</b>
(iii) Compliance with the Electricity Regulation and any relevant legally binding decision of the European Commission and/or the Agency **; and	<b>Neutral</b>
(iv) Promoting efficiency in the implementation and administration of the CUSC arrangements.	<b>Positive</b> Improves readability of the CUSC

\* See Electricity System Operator Licence

\*\*The Electricity Regulation referred to in objective (iii) is Regulation (EU) 2019/943 of the European Parliament and of the Council of 5 June 2019 on the internal market for electricity (recast) as it has effect immediately before IP completion day as read with the modifications set out in the SI 2020/1006.

## When will this change take place?

### Implementation date:

08 December 2025

### Date decision required by

The CUSC Panel unanimously agreed on 31 October 2025 that CMP461 met the Self Governance and Fast Track criteria.

Public

## Implementation approach

Once the appeals window has closed (pending no appeals) then the modification should be implemented no later than 10 Business Days after this. The Code Administrator team have selected 08 December 2025 for implementation.
