CUSC Panel Headline Report

14 November 2025

The Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

New Modifications

The following new Modification Proposal was presented to the Panel:

CMP463 ‘Stabilising the Specific Onshore Expansion Factors from 1st April 2026

This Proposal seeks to hold Specific Onshore Expansion Factors at 2025/26 levels, similar to the CMP353 approach, ahead of a larger more fundamental review of TNUoS.

The Panel unanimously agreed that CMP463 met the Authority’s Urgency criteria (a) and therefore recommended urgent treatment. Panel’s recommendation was sent on 14 November 2025 seeking an Authority decision by 5pm on 21 November 2025.

The Panel recommended that CMP463 proceed to Code Administrator Consultation.
