Single Markets Platform Show & Listen Session 50

Workshop date

06 11 25

Facilitators

David Preston - Product Manager | Navin Sagar - Product Owner | Agnes Chew - Business Analyst | Alasdair Smith - Functional Consultant

Agenda

1. Introduction — 5 min
2. Update on Releases — 10 min
3. APIs Optimisation — 10 min
4. Maps requirements — 5 min
5. Feedback — 5 min

Rules

- This is your session to participate. Dig in!
- Use the chat function to ask questions.
- Use the mute button when not speaking.
- Avoid interrupting when others are speaking.

Your Participation Role

1. **Throughout the session** — Speak up, think big, raise concerns, be patient, don't use acronyms or inside language.
2. **During activities** — Ask clarifying questions before we begin, good energy in - good results out.
3. **Remember** — This session is part of the (good) work. We've never done this together before. Seek to understand before being understood.

Mural Tips

NAVIGATION

Moving the board

Hold the space bar down then click and drag to move the position of the entire MURAL on your screen

Zooming in & out

Scroll the wheel on your mouse or pinch on your trackpad to zoom in/out. When changing devices you may need to check **Zoom Settings** in the bottom right.

The minimap

Track your view of the MURAL and zoom percentage on the minimap on the bottom right corner of your screen.

ORGANIZING

Select Objects

Click an object to select it; hold shift while clicking objects to select more than one at once

Move Objects

After selecting the objects you wish to move, simply drag them to the desired location on the MURAL

CONTRIBUTING

Sticky Notes

Add sticky notes by right-clicking, then selecting **Add Sticky Note** or by double clicking on an empty space or the background.

Maps Requirements

Opportunity to provide feedback

5 min

Context

Enhancement to the Pre-Qualification Dashboard allow the Unit Manager / Entity Manager to view assets by Geographical location.

Existing Requirements:

1. View details
   a. Give asset on the map - pin details - asset name, service it qualifies for and capacity (Demand and Generation)
   b. Zoom in and out of Map
2. Filters
   a. Filter - Capacity Range by MW (like 10-10, 10-50, 50+)
   b. Filter by Service - 1 pin per asset for selected service
   c. Filter by Unit
   d. Filter by Status
   e. Place the filters on the left in a column
3. Place for maps
   a. Overview page - below the widgets
   b. Move the dashboard to a new page "My Dashboard"
   c. Unit Management - Asset tab - View Map button
4. Account switch between Primary and Secondary accounts
   a. Once an Inter-Company Sharing Agreement has been established then the Super User from the Primary Account will be granted access to the Secondary Account "Portfolio" then the Secondary Account SMP Portal will be visible to the Super User from the Primary Account.

Instructions

Please post your wish list within one of the three categories of priority below that you would like in terms of new functionality for Maps that hasn't been covered in the existing requirements:
