Code Administrator Meeting

Summary

Workgroup Meeting 7: CMP445: Pro-rating first year TNUoS for Generators

Date: 03 November 2025

Contact Details

Chair: Kat Higby, katharine.higby@neso.energy

Proposer: Angus Armstrong, angus.armstrong@oceanwinds.com

Key areas of discussion

The key areas of discussion included reviewing the Workgroup Report and Legal Text for Workgroup Alternative CUSC Modification 1 (WACM1) and WACM2.

Action Log Review

Action 27 (Action closed) The figures were updated in the workgroup report.

Action 29 (Action closed) The change was drafted, checked, and sent for review.

Action 30 (Action closed) The Legal Text was aligned between Proposers.

Action 31 (Action closed) This has been added to the collaboration space.

Action 32 (Action closed) The update was made, and feedback incorporated.

Workgroup Report Review

The Chair reviewed the comments and feedback on the draft Workgroup Report and made the relevant updates.

The Workgroup members discussed adding wording to the Workgroup Report clarifying that profiling is excluded from the modification and was discussed as out of scope.

A Workgroup member suggested adding wording to the Workgroup Report to better capture concerns about setting a precedent for retrospective changes and expand on why this modification is the exception.

Public

A Workgroup Member suggested their concerns around rebate is accurately captured in the Workgroup Report

Review and Alignment of WACM1 and WACM2 Legal Text

The Workgroup Members reached a consensus on the wording, alignment, and the inclusion of key clarifications such as retrospectivity and pro-rating principles on the Legal Texts.

Next Steps

The Chair suggested all Workgroup Members review the Workgroup Report. Checking all new sections and ensuring all feedback and discussions are accurately captured before the next meeting.

Actions
