

Headline Report

Meeting number: Meeting 89
Date of meeting: Tuesday 10 February 2026
Location: MS Teams

This note sets out the headlines from the latest meeting of the Joint European Stakeholder Group (JESG) and is provided in addition to the presentations from the meeting which are available within the Codes Calendar on the NESO website. The material in the presentation is not duplicated in this report.

If you have any queries in relation to the content of this report, please email the JESG Technical Secretary Andrew Hemus at box.europeancodes.electricity@neso.energy

Industry Updates

Publication of Net Transfer Capacity (NTC) Innovation Report by Elana Byrne, NESO

Elana Byrne gave an overview of the publication of FTI Consulting NTC Innovation Report and provided options for stakeholders to share views on the report findings. Please see the [presentation pack](#) for further details.

JESG Survey by Vanessa Simpson, NESO

Vanessa Simpson shared details of the launch of the JESG Survey which covered the aim of the survey, survey question themes, survey timeline and next steps. Please see the [presentation pack](#) for further details.

AOB

The Chair suggested that the JESG Technical secretary reach out to DESNZ and enquire if an update on the outcome of exploratory discussions on the possible participation of the United Kingdom in the European Union's internal electricity market and any information on the transition to "dynamic alignment" with EU rules could be shared at a future JESG meeting.

Next Meeting and Future Agenda Items

The next JESG meeting is scheduled for **10 March 2026** starting at 10am. Stakeholders are invited to submit agenda items and presentation material for this meeting by **02 March 2026** or any future meetings to: box.europeancodes.electricity@neso.energy.
