Dear 

Request for Information

I understand that you have requested copies of the Grid Code, editions 1 and 2. I manage requests for recorded information under the Freedom of Information Act and the Environmental Information Regulations and have picked up your enquiry. I would like to apologise for the delay in responding to your request as we should probably have managed it as an FOI request when you first contacted us. I have now run searches for the information, including for copies in our offsite archive store.

Our response

I have been able to locate copies of the information that I believe meet your request and have attached pdf files for editions 1 and 2. I have also included an index of early revisions. We do hold folders of revision documents. Many of the documents are stored in multiple sections so we would need to combine multiple files to provide other versions and revisions. The attached editions/versions are held in the easiest format to send to you so I am sending these to you first. Should you require other revisions, I would be grateful if you could set out which information you require so that I can locate the correct files. We will need to update the format of some electronic files in order to make them accessible.

For FOI purposes you do not need to explain why you would like the information, but if you would like to share any information with me, it may help me to locate relevant information.

I hope that the attached documents are the ones that you are looking for but please let me know if you would like further information.

Next steps

You can ask us to review our response. If you want us to carry out a review, please let us know within 40 working days and quote the reference number at the top of this letter.

If you are still dissatisfied after our internal review, you can complain to the Information Commissioner's Office (ICO). You should make complaints to the ICO within six weeks of receiving the outcome of an internal review. The easiest way to lodge a complaint is through their website: www.ico.org.uk/foicomplaints. Alternatively they can be contacted at: Wycliffe House, Water Lane, Wilmslow, SK9 5AF.

Thank you for your interest in the work of the National Energy System Operator (NESO).

Regards,

Information Rights Team

National Energy System Operator (NESO)
