For reference the Applicable SQSS Objectives are:

- a) *facilitate the planning, development and maintenance of an efficient, coordinated and economical system of electricity transmission, and the operation of that system in an efficient, economic and coordinated manner;*
- b) *ensure an appropriate level of security and quality of supply and safe operation of the National Electricity Transmission System;*
- c) *facilitate effective competition in the generation and supply of electricity, and (so far as consistent therewith) facilitating such competition in the distribution of electricity; and*
- d) *facilitate Licensees to comply with any relevant obligations under Assimilated law.*

Public

Please express your views in the right-hand side of the table below, including your rationale.

Standard Code Administrator Consultation questions		
1	Please provide your assessment for the proposed solution against the Applicable Objectives against the current baseline.	Mark the Objectives which you believe the proposed solution better facilitates than the current baseline:
		Original ☐ (a) ☐ (b) ☐ (c) ☐ (d) ☒ None
		Whilst not necessarily better facilitating any of the Applicable Objectives compared to the existing baseline (as it does not alter any of the existing requirements) it overall improves the readability and understanding of the SQSS.
2	Do you support the proposed implementation approach?	☒ Yes ☐ No
		Click or tap here to enter text.
3	Do you have any other comments?	There are a few additional observations/comments which I have identified through reading the proposed legal text and have included as tracked changes. Whilst some may fit within the scope of this modification, I recognise that others will not and perhaps could be considered in a future similar type of modification proposal.
